GINZA

IN THE NEIGHBORHOOD

- ① If you happen to be in the area around lunch time, **Hibiki** on the top of the Ginza Green building offers an amazing Japanese buffet lunch for ¥1000. After stuffing yourself with organic greens,
- ② **Morimae**, a bonsai shop just around the corner has a beautiful (and affordable!) selection on display. They even offer a service to tend to your bonsai if you take off for a month long trip to Tibet.
- ③ For a 'perfect own roast hand drip' cup of coffee, **L'ambre**, which has been pouring since 1948, can't be beat. And if you like your art to be provocative, the exhibitions of erotic art at **Vanilla Gallery** are usually just that.
