JINBOCHO / KANDA

IN THE NEIGHBORHOOD

Jinbocho, a jungle of used Japanese books, is a bibliophile's utopia.

- ① Head into **Book Brother** for used art and design tomes, or wander
 - ② in and out of the **back-alley shops** displaying their wares on the
 - ③ street. **Café Brazil** will delight any coffee lover looking for a serious
 - ④ cuppa joe, and **Café Saboru** is worth a stop for the wild scribbles on
 - ⑤ the walls. If you're hungry, one of the **Imoya** branches for *tendon* or *tonkatsu*
 - ⑥ up to the controversial but stunning **Yasukuni Shrine**. Should you
 - ⑦ start to feel tired, the benches along the lake at **Kitanomaru Park**
- offer a welcome respite from all the hard edges of city life.
